Amalgamation negotiations on right track

by Jerry Grozelle

Except for one item that caused a bit of a stir, the latest amalgamation meeting of Snowdon, Lutterworth and Anson, Hindon and Minden went smoothly.

The suggestion by AH&M officials that decisions should require a 75 per cent majority vote was initially regarded with suspicion by some Snowdon and Lutterworth council members. Lutterworth Deputy-Reeve Lisa Mercer said she sensed a level of mistrust on the part of Anson, Hindon and Minden council.

"It would add more fairness to the vote," AH&M Reeve Jeanne Anthon said.

It was pointed out that by requiring 75 per cent majority vote, would ensure that one municipality could not be overruled by the other two. Even if all the members of two municipalities voted in favour of a proposal, at least two members of the third municipality would have to cast a favourable vote for the proposal to pass.

Initially, AH&M was accused of protecting its assets at the expense of the other two. They finally agreed that the idea was a safeguard that could benefit all three.

It was agreed that a 75 per cent vote of those members present at a meeting would be acceptable. It was pointed out that such an arrangement would also be an incentive for all council members to attend the meetings.

Transition Board powers

The day that the amalgamation proposal is approved by the Ministry of Municipal Affairs and Housing, a Transition Board officially takes over operation of the new municipality's affairs. The amount of authority the Board will have depends on the current councils of the three municipalities. Essentially, the Transition Board will consist of the current members of council of the three municipalities.

Ruling from the grave?

The suggestion that the current councils set some sort of guidelines which would preserve the current committees which have been struck by municipalities was discussed at length. AH&M Councillor Daryl Moore said he would like to see some sort of mechanism instituted to preserve committees such as his municipality's Museum Committee. He wanted to make sure the funds raised for specific projects and earmarked for dedicated reserves would not be transferred to a general reserve of the new municipality.

Snowdon Councillor Bob Martin suggested that imposing restrictions on an, as yet, unelected council would be like ruling from the grave.

Moore argued that people have raised money for specific projects and there should be some safeguard that those funds be dedicated to the projects for which they were raised.

"The people who raised those funds don't want that money to go into a general reserve and used for something else," he said.

It was agreed that designated funds would remain earmarked for their specific purposes.

In regard to imposing restrictions on a future council, Snowdon Reeve Ross Rigney said, "I don't think we should hamstring future councils."

AH&M Councillor Sinc Nesbitt said he knows from experience that some council members in the past who had no municipal experience outvoted those who did, seriously depleting reserves. He wasn't the only member of the committee who voiced the concern that a new council may not have the restraint not to

Spooky School day

Archie Stouffer Kindergarten and Grade One and Two students had a screaming good time at school on October 29, as they participated in the Hallowe'en parade. These witches, fairies, superheroes and other festooned characters tromped from class to class to show off their colourful costumes. Owen Duhaime, right, looks scaaaary as a vampire.

Sherborne and Stanhope reach compromise on name

by Ariel White

The letterhead will have to change, as the Townships of Stanhope and Sherborne et al have come up with a name for the proposed amalgamation of their municipalities.

At a meeting held in Dorset on October 28, the councils of both municipalities met to review work on the restructuring proposal, which will be fine tuned and presented to County Council for approval before the end of November. Once the complete report for the county is approved by both tiers of government, it must be sent to the Ministry of Municipal Affairs and Housing for final approval.

Part of the proposal deals with the name of the new mu-

nicipality, a topic which has been avoided by other townships, but was finalized by the Stanhope-Sherborne group. Sherborne Reeve Don Shortreed made a motion that as Stanhope will house the main office of the municipality, the name of the municipality should be Sherborne, Stanhope et al. "This seems to be a simple solution, rather than trying to come up with a new name," said Shortreed. Stanhope Clerk Gerald Bain reported to the group that he has researched the name and discovered a voters lists from 110 years ago, when the Townships were originally grouped. At that time it was called the Townships of Stanhope, Sherborne and McClintock. Stanhope coun-

cillors agreed that the name was not an issue worth haggling over, as long as Stanhope remained part of the final decision. The group finally approved the name Sherborne, Stanhope et al, which will also include the townships of McClintock, Livingstone, Lawrence and Nightingale, which have always been joined with Sherborne. The approval gained a round of applause from the largely Sherborne crowd.

This issue, however, is just one of many that the group faced, many which have much greater consequences.

Working from the notes of the last meeting, facilitator

Haliburton Hospital

NEARING COMPLETION: The addition to the Haliburton Hospital stands empty now, but it is hoped that by the end of November, it will be accessible to staff, to begin the process of moving in. Several beds will move into the new wing, while the old section of the hospital is renovated. The Minden site is also in good shape, and will hopefully be liveable in the new year.

Change in fee structure voted down

Business Association makes promotion plans

The new Minden Business Association has rejected a suggestion that the price of membership should be reduced, even on a temporary basis.

The organization held its first public meeting Wednesday evening at the AH&M municipal office.

After considerable discussion, the members agreed the membership fee should remain at \$100.

The suggestion to lower the membership fee came from Sally Moore, owner of Sunny Rock Bed and Breakfast. After scanning the room in which nine area businesses were represented, she suggested the high initial fee was a deterrent, especially for a new organization. "Why would I want to join this organization?" the business owner asked, "Why should business people give you \$100?"

Moore went on to say that since the organization is new, it needs to encourage members, so they can contribute to the group's programs, to be a part of the planning process and encourage others to take part. "\$100 is a lot of money to ask of a business person, especially at this time of the year," she said.

She suggested the high membership fee could alienate a lot of people, whereas an up front fee of \$25 would be more acceptable and would likely attract a larger group of business representatives.

"You have to get people involved...get the ball rolling," she said.

Her suggestion appeared to gain favour from a number of merchants gathered at the meeting, including several on the association's executive. Co-chair John Ayers of Highlands Accounting Service agreed with the suggestion, adding that the association needs to create a leaflet which explains its programs and which will attract membership.

However, before the meeting ended, the members in attendance agreed to stick with the initial \$100 fee.

Chair John Cooper said, "Those who have doubt about this organization can wait, if they do not want to pay \$100. Either business people have faith in what we are trying to do or they don't," he said.

Promotion campaign planned

25 YEARS' SERVICE: Two members of the Haliburton County Roads Department were presented with 25-year service plaques at last week's county council meeting by Roads Committee Chair Jim McMahon (right). Bob Barnhart (left) and Brian Neville both started working for the County of Haliburton in 1974. The plaques are "in recognition of 25 years of dedicated service."

DEDICATION RECOGNIZED: Current Warden of Haliburton County, Elva Bates, presented past Warden Murray Fearrey with an award in recognition of the record number of times he has served as warden of the county. The "made in Haliburton County" award features the Haliburton tartan, which was woven at Pritchard House in Minden.

Cooper, of Minden Rent-All, said the organization hoped to mount a promotion campaign that would attract visitors to Minden and help put the community on the map. Eric Beaulieu, who has been hired as the association's market manager, explained the group hopes to work in conjunction with the Haliburton Highlands Chamber of Commerce promotional effort and take advantage of government grant programs. He said marketing would be targeted to the southern Ontario and Northern New York State markets.

The group has also pledged its support for such community functions as the Sled Dog Derby, Timberfest, Canada Day celebrations and Santa Claus Parade, among others. It will also be starting a coupon program similar to that offered through Canadian Tire Stores. Consumers will be given coupons at participating stores based on a percentage of their purchase, two percent was used as an example. The coupons would then be redeemable at participating stores in the area. According to Beaulieu, major retailers in the community, including the grocery stores, hardware store and drug store, have already agreed to be a part of the program. Participating merchants would be able to redeem their excess coupons from the association at face value, or purchase them from the association as

needed.

Chair of the Minden BIA, Dave Willis of the Rockcliffe Tavern, noted that attempts to expand the BIA to include all merchants in the community proved too complicated. It was also pointed out the BIA was the target of a great deal of animosity because membership and contribution to its budget were mandatory for businesses within its defined area. He said there is a potential 180 to 240 members in an area that will have no defined borders. Co-Chair John Graham of Happy Daze Automotive said, "Anyone could be a member. We have canvassed businesses up and down the Highway 35 corridor, but we want Minden to be the focus of the organization."

It was suggested that, in addition to the \$100 fee, the low turnout could be the result of the busy life of small retailers. The meeting was told members would be able to participate in the organization without attending meetings.

Votes could be taken by fax or phone, for example, however, in this initial stage, the organizers were hoping for input from the members to help guide they're planning. John Cooper told the meeting eight area businesses have already purchased \$100 memberships.

He added that the day following the

Red Hawk Players rehearse entries in Trillium Lakelands Drama Festival

Members of the HHSS Red Hawk Players have been hard at work rehearsing their presentations for the Trillium Lakelands Drama Festival which will take place at the Northern Lights Performing Arts Pavilion November 25 to 27, 1:00am or 7:00pm. The festival, which will incorporate shows from secondary schools in Haliburton, Victoria and Muskoka District, is hoped to unify the schools in the Trillium Lakelands District School board and foster a positive environment for the performing arts. An ideal project for a school board with a brand new performing arts centre in Haliburton, almost the geographic centre of the school board district.

The general public is invited to the Pavilion for preview performances by these young thespians, on November 24 at 7:00 pm (cost is \$5.00) or to the Festival where 12 plays will be presented by seven high schools.

15 MINUTES OF FAME: Members of the Red Hawk players zip through a much condensed version of Shakespeare's tragic classic, as they perform Tom Stoppard's 15 Minute Hamlet. The players include, from the left, Devin Ryan, Josh Wales, Mike Johnson, Micah Smith, Carrie Heyes, Christine Bowskill-Boland and Devon Dart.

A MURDER MYSTERY UNFOLDS: The students are presenting two plays by Tom Stoppard, including The Real Inspector Hound, seen here in rehearsal. Members of the cast include, from the left, Vanessa Smith, Alicia Sales, Kate Campbell, Erin Kernohan, Rebecka Bjelis, Rick McShane and the victim, Ryan Dawson. Other members of the cast include Dan Morgan and Ann Raback.

Business Profile

Did you say something?

What have I been missing? That is a question many people ask themselves after being fitted with a hearing aid from Minden Hearing Service. Since hearing loss can be gradual and go virtually unnoticed, individuals who suffer the loss are often unaware that their ability to hear has been reduced. However, after a hearing test has confirmed that an aid is required and one is fitted, they quickly realize just how much of life has been passing them by unheard.

Gordon Kidd, a hearing instrument specialist registered with the Ministry of Health Assistive Devices Program, is the owner of Minden Hearing Service. For the past ten years he has been helping people throughout the Highlands and in neighbouring communities to hear better and enjoy life more fully.

"Hearing loss can be caused by a number of factors," Gordon points out. "It can be a result of long or short-term exposure to noise, a hereditary condition, or simply a result of aging." He suggests that anyone over the age of 45 be tested on a regular basis, once a year for example, to ensure their hearing is not deteriorating. The test is free and without obligation. Once the test is complete, Gordon will explain the problems, if any exist, and possible remedies. In some cases, referral to an audiologist or an ear, nose and throat specialist might be recommended. In other cases, a hearing aid could be required to assist the hearing.

If a hearing aid is indicated, there are a variety of styles, sizes and shapes from which the patient can choose. Many of the newest devices tuck completely into the ear, showing little evidence of their presence. The more conventional, all in the ear or over the ear

models are also available.

Gordon is very excited about the new digital hearing aids which are now available. They combine the latest in computer technology, with style, looks and comfort. The micro chips embedded in the hearing aid do more than just amplify sound. They can be adjusted to enhance certain sound ranges and dampen others. The drone of noise that hearing aid wearers often find uncomfortable in crowded rooms or public places can be suppressed with the new technology, allowing the wearer to enjoy the event or gathering and still be able to converse with friends and acquaintances.

Hearing instrument specialist, Gordon Kidd enjoys helping people hear better and is excited about the new digital hearing aids now available.

Digital hearing aids can be adjusted or "fine tuned" to meet the personal needs of the wearer and, if required, adjusted later as conditions change.

In the near future, Minden Hearing Service will be introducing a new line of digital hearing aids. Gordon will be hosting an open house, with a company representative on hand to explain these new devices, provide free hearing aid cleaning and other exciting features. Watch for details.

Minden Hearing Service is proud to have helped people throughout the area hear better for the past ten years. "I am pleased to be a part of this community and happy that so many clients have recommended our service to their friends and families. Through that trust, we have been able to establish a service

which not only meets the needs of the community, but is here when clients need after sales service and advice," Gordon Kidd said. "Besides, is there any better place to live and work than right here in the Haliburton Highlands? I don't think so!"

To book an appointment with Minden Hearing Service at any of its three offices in Haliburton County (Minden, Haliburton or Wilberforce) call 705-457-9171 or 705-286-6001.

Newspapers Association

Ontario Community
Newspapers Association

Still some distance to go

Editorial

There was some good news at the annual meeting of the Haliburton Highlands Health Services Foundation. Those who read the report, or who have been following the progress of the thermometer which appears each week on page two of this newspaper, will be aware that the drive to raise the \$5.5 million dollars needed for the community's portion of the capital costs of the health projects has surpassed the halfway point.

The fact that the fund raising has reached this mark is a credit to the persistence of the Foundation and a tribute to the generosity of the community. The money has been raised over the past two years, (even though the campaign has only been officially under way for a little more than a year), and is the result of a lot of hard work. Service clubs throughout the area have been particularly responsive to the projects, pledging significant contributions and then delivering on those promises. Likewise, busi-

nesses and individuals have stepped forward to help. Many have arranged their contributions over a three to five year span, allowing them to make larger total contributions, while spreading the impact of the donations over a longer period of time.

While the milestone of the halfway point plus (the campaign now stands at \$3,190,800) is a good reason for celebration, it is by no means a signal that the tough work is over. Indeed, as the construction nears completion and the residents and patients move into the new facilities, the momentum of the donors may flag. This is no time to start coasting or resting on past accomplishments. The need for public participation in the capital campaign has never been greater. Certainly donations are required to see the construction through to the end. However, even when the target of \$5.5 million is met, there will be

an ongoing need at the health facilities. Perhaps less urgent than right now, during the construction phase, financial support of the health services facilities in the community should be a constant concern of everyone who relies on them to be available when needed.

So, yes celebrate the accomplishment of surpassing the halfway mark in the campaign. But, let us not be lulled into thinking it is all "downhill" from here. As they say in the health care fund raising field, 'first three million is always the easiest, its the next \$2.5 million that is a struggle'. While any time is a good occasion to be supporting the HHHS Foundation, Christmas provides an ideal time to remember someone with a donation, to purchase a souvenir bear, a string of Christmas lights for the community trees, or even better, make a long term pledge that will help ensure the future of health care services for years to come.

jb

Health and safety factors in spaying or neutering pets

Letters

Editor:

I was pleased to read Elizabeth Kovach's letter last week, urging pet owners to have their animals spayed or neutered. It is indeed heartbreaking to witness the large numbers of kittens/puppies waiting for adoption in shelters, pound, clinics, pet shops etc. knowing that there are many more animals needing homes, than there are homes wanting them.

Clients often argue that they want their pet to have one litter, so that their children can witness the fascinating miracle of "birth". I must remind these people that although they may be lucky enough to find homes for all their pups/kittens, think of the poor creatures wait-

ing in crowded cages that might otherwise have had a chance for adoption. Had it not been for the competition from their pet's offspring, these animals might have found homes. If you want your children to witness a birthing, there are videos available or well-illustrated books. Or if a live birth must be seen, ask a farmer or a breeder or a veterinarian for possible leads.

The other "myth" that I often hear is that it makes a dog or cat a better pet if they are allowed to have a litter (ie. gentler, calmer etc.) This is simply not true.

The health benefits of neutering or spaying are many. Reduced incidence of prostate enlargement and inflamma-

tion or infection, and reduced incidence of tumor (involving the anus, testicles and prostate) benefit neutered male dogs (not to mention a reduction in aggression, "wander lust", and excessive territorial marking).

Spayed female dogs don't suffer from uterine infections and if spayed before their first heat, don't get breast cancer.

Besides the obvious fact that they cannot breed, neutered male cats are much less lightly to travel and flight, thereby slowing the spread of such deadly cat viruses as feline AIDS and feline Leukemia.

An intact female cat can have up to three litters a year, as she can conceive

Etcetera

(from page 6)

Cost of spaying or neutering is worth the health of pets

while still nursing.

With a litter average of five, this could amount to 15 kittens per year! It simply doesn't make sense not to spay your cat. I know of people who drown or asphyxiate newborn kittens/pups, or put them in a bag and leave them at the dump. How these people can live with themselves is a mystery to me.

If you think the cost of sterilizing your pet is too much, let me point out that it is far cheaper than treating the consequences of not doing so. For example, surgical removal of tumors, Caesarian-sections for difficult labours, treating an infected uterus or cat bite wounds etc.

Thousands of animals are euthanized yearly in Ontario because homes cannot be found. This is a sad, but obvious necessity. Don't be part of the problem—get your pet sterilized.

Joan E. Grant D.V.M.

The rules

The Times welcomes signed letters to the editor on subjects of interest to our readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. The editor reserves the right to edit letters to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy. Upon request, names may be withheld, but only very rarely and for compelling reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper. All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

No laughing matter

I said of laughter, it is mad: and of mirth; what doeth it?

Ecclesiastes 2:2

Laughter is the best medicine

Old proverb

Well, which is it going to be, ladies? Is laughter the province of lunatics? Or of healers? Is it good for us? Or is it carcinogenic?

It's getting hard to tell. Of course it's getting hard to tell if anything in the world isn't a carcinogen. Over the past few years I have grown used to the notion that:

Red wine will give me cancer.

Cigars (but of course) will give me cancer.

Tomatoes...olive oil...back bacon...Great Lakes pickerel — it's not hard to find some quack somewhere who's prepared to swear that I'm risking major chemotherapy if I even nibble any of the foregoing.

I know that I'm not getting nearly enough sleep to protect me from cancer. That I should be drinking lots more green tea and lots less coffee if I want to avoid becoming just another malignancy statistic.

And Vitamin C. I know that I am ingesting far too little — or is it far too much? — of the Sunshine Vitamin if I hope to live a happy, healthy sarcoma-free life.

Why, I even cashed in my cell phone. Right after I read that I was courting brain tumours with every call I made.

I accept all that. I'm a typical, gullible shlump prepared to shriek and change my lifestyle at the drop of a headline.

But this time, bygawd, they've gone too far.

Someone has announced that laughter... could kill us.

I found it in a copy of a British medical journal called The Lancet. It's a serious, sober report from a gaggle of Dutch researchers that — straight-faced, mind — contends too much laughter can trigger what these boffins refer to as "a failure of the H-Reflex" — a physiological phenomenon that makes muscles contract. Apparently, if something is just too funny, the H-Reflex gets short-circuited. Which brings, and I quote: "many muscles to the point of collapse".

My response is: Yeah, so? This is a common, unscientific condition known around the world as being 'weak with laughter'. Or more coarsely, "I laughed so hard I peed my pants."

It's momentarily debilitating, gents. Potentially embarrassing — but hardly life-threatening.

In any case, what's the antidote — not laughing? Permanent glumdom? Sorry. Sounds a bit too much like Monday morning in Moscow to me.

Speaking of which, another gaggle of lab-coated culture vultures has been sniffing around the world, trying to figure out just which nation houses the happiest citizens. Russians, predictably, came out pretty much at the bottom of the heap. With Muslim apartment-bomber terrorists at their neck and economic meltdown on their doorstep, it's been a while since Russians have had anything to grin about.

But apart from that, some surprises. Swedes are gloomy and suicidal, right? Not according to this survey. It shows that by and large, citizens of Sweden are more than happy with their lot in life.

Ireland, north and south — nexus

of "The Troubles"? Assassinations, bombings, violent hatred? Top of the heap. The Irish, according to this survey, are delighted with where they sit and who they are.

And Spain? Home of the joyous flamenco and sappy, sun-filled afternoons on the golden beaches of the Costa del Sol?

Bottom of the pile. Spaniards says the survey, are, by and large, a grumpy, sullen lot.

You'd think they lived in Toronto, for heaven's sake.

As for Canucks, well, we're kind of in the middle...on a par with the moderately happy Europeans.

That's what it says in this survey, but I like to think if you examined it more closely, you'd discover that Canadians, under a grey, protective carapace of surly melancholia, are actually, probably the happiest nation on earth.

Sure. We're just suffering from a temporary humour drought, that's all.

Well, consider: in the last thirty years we have exported to the Comedy Sinkhole just south of us: Art Linkletter, George Gobel, David Steinberg, Rich Little, Martin Short, John Candy, Paul Shaeffer, Lorne Michaels, Dan Akroyd, Dave Thomas, Mike Myers...and Raymond Burr (You don't think Raymond Burr is funny? Check an early episode or Perry Mason).

Some of the funniest people in the English-speaking world. All Canadian — all emigrants. It's going to take a while for us to 'top up' the Canadian humour reservoir.

In the meantime, consider the words of yet another Canadian funny guy — a screen writer by the name of Bernard Slade.

Bernie said: a laugh is the opposite of a breakdown. It's a break up.

Arthur Black

SIGN UP: Workmen from County Sign set up the new sign atop the Sears Floor Covering Centre outside of Minden. Owners Anne and Allan Johnson, right, welcome customers new and old to check out the selection.

New look and name for Homestead Carpet

The doors of Homestead Carpet on County Road 121 may have closed for renovations, but they will soon be open as a Sears Floor Covering Centre.

Owners Allan and Anne Johnson have partnered with Sears Canada to provide customers with a great selection of floor coverings featuring the Sears Integrity brand. It is hoped that the new partnership will provide, not only local knowledge and friendly services, but have access to Sears national network and resources.

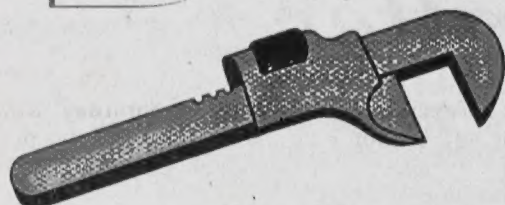

With a new look and new selections, Allan and Anne Johnson hope that although there is a change in name, people realize that the service and quality of Homestead Carpets remain the same. The Johnsons have owned Homestead for 12 years, and feel that the change to a Sears Floor Covering Centre will be of great benefit to their customers.

The new Sears Floor Covering Centre will offer an expanded selection of floor coverings, including wall-to-wall carpet, ceramics, laminates, vinyl and a variety of hardwood choices.

Sears Canada plans to open 150 Sears Floor Covering Centres across Canada over the next five years.

The Minden Sears Floor Covering Centre will be open soon to meet its customer's needs.

*Ladies' Shovel Into Winter
Bonspiel at the Minden
Curling Club Saturday,
November 13*

SEMIFINAL BOUND: The Senior Red Hawks have earned a berth in the Kawartha semifinal with a win over the Crestwood Mustangs Friday in Haliburton. They will play the Mustangs Tuesday to determine which team will advance to the Kawartha championship Saturday in Peterborough.

Late charge leads Seniors to semifinal

They were the underdogs, but the Haliburton Highlands Secondary School Senior Red Hawks football team came through in the crunch. The Senior Red Hawks scored a 21-7 victory over the visiting Crestwood Mustangs of Peterborough Friday to advance to the Kawartha semifinal.

The Hal High team scored a touchdown in the first couple of minutes of the game and never looked back. Coaches Tim Davies and Gary Brohman were unavailable for comment before The Times press deadline, but Junior football coach Bruce Griffith said quarterback Matt Reid played a strong game. He also commended Cody Duda, Mike Morissette and Graham Schakelaar for their efforts.

Friday's win earned the Red hawks a berth in the semifinal against the same Crestwood squad. The two teams will tangle on Crestwood's home turf tomorrow (Tuesday). The winner of that game will advance to the Kawartha championship on Saturday. Both the Senior and Junior Kawartha finals will be held on neutral ground, at the Kenner Collegiate field in Peterborough.

Junior Red Hawks gunning for Mustangs

The Haliburton Highlands Secondary School Junior Red Hawks Football team is aching for revenge against the Crestwood Mustangs. The Mustangs beat the Red Hawks 14-7 Friday in Haliburton in a game that the Hal High team could have won.

To get their revenge, the Red Hawks will have to win their Kawartha semifinal game tomorrow (Tuesday). As of Saturday, Red Hawks coach Bruce Griffith wasn't sure which team would provide the opposition, but the good news is the game will be in Haliburton.

Barring an upset in one of the semifinal games,

the Red Hawks should meet the Mustangs for the Kawartha championship Saturday in Peterborough at the Kenner Collegiate field.

Friday's game was evenly matched in the first and third quarter. There was no scoring in the first frame, but Crestwood got some breaks in the second quarter and built up a 14-0 lead.

The third frame was also a very defensive 15 minutes, with neither team picking up any points.

"We dominated the fourth quarter," Griffith said. "If we'd had another five minutes I think we would have tied the game."

Jamie Doan scored the Hal High touchdown and Ryan Hutson kicked the convert.

But the Mustangs hung tough, holding the Red Hawks from scoring any more.

"It was an excellent game by both teams," Griffith said. "They had one play that gave us trouble."

Griffith said his whole team played very well.

The team that tangles with the Red Hawks Tuesday will be facing a squad bent on revenge and ready to roll over anybody who gets in the way.

Game time is 2 p.m. at the HHSS field.

Kolt Smith scores five goals in win over Bracebridge

SPRAWLING SAVE: Minden Peewee A goaltender Tyler Anderson turns a shot away in Saturday's game against the Orono Leafs. The Leafs came within a minute of shutting the Monarchs out, but Chris Shelley scored the lone Minden goal in the 5-1 loss, with 53 seconds left in the game.

Minden captain Kolt Smith scored five goals, leading the Minden OMHA Peewee Monarchs to a 10-5 victory over Bracebridge in Baysville. Smith also picked up an assist for a six-point night.

Minden doubled Bracebridge 4-2 in the first period. Smith notched three in a row and Darrin Brown added the fourth. Mark Fisher and Brown each picked up one assist in the opening frame.

The scoring was even in the second period with two each. Smith and Jeremy Upton were the Minden snipers. Cory Simms picked up two assists in the middle frame and single helpers went to Fisher and Sean Chapman.

The third period was another four-goal effort for the

Monarchs. Andrew Bull notched two goals, with Brown and Smith adding one apiece. Matt Moore picked up three assists, Matt Allore had a pair and a single helper went to Smith.

Orono 5, Minden 1

The Monarchs played host to a tough Orono squad Saturday night, bowing to the visitors by a 5-1 margin.

"We weren't on the ball," Monarchs Coach David Hollows said, admitting that Orono has a big, strong team.

Chris Shelley was the lone Minden marksman. His unassisted goal spoiled the Orono goalie's shutout bid with less than a minute to go in the third period.

House champions

The first adult team to win the house Championship at the County Bowling Centre included, front row (left to right): Al Clement Jr., Marlene Bellar and Tara Whitaker. Back row (l to r): Michelle Moore, Lisa Besner and Darrin Cole.

Adult team wins House Championship for 1st time

The Monday Night mixed League bowled its way to a first in the five year history of the County Bowling Centre. It was the first adult team to win the House Championship of all the leagues that bowl at the Centre.

For the past four years, a youth bowling team was crowned champion. The Monday Night team had to work hard but managed to keep ahead of the Youth Bowling Council teams, with a YBC team finishing in second place.

New faces welcome at Minden Curling Club

by Sandy Cole

Welcome everyone to the 1999/2000 curling season. There are many new faces at the club this year who are ready and willing to take on all the fun curling has to offer. At this time I would like to extend a warm welcome to all the new curlers and a "glad to see you're back" to the rest of the curling crew. Please take the time to welcome a new face as well as offering up a chair so someone can sit down and introduce themselves. There are no strangers at the club, just friends we haven't met yet.

Spectators will be able to watch more games this year as some nights are featuring two draws. You can catch the Ladies in action each Monday night starting at 8 p.m. Tuesday is Men's night, with action at 7 p.m. and 9 p.m. For mixed team play, you can see double the fun on Thursday with games at both 7 and 9 p.m. Friday rounds out the regular club week with mixed play starting at 8 p.m.

Next week I will try to have the times for the seniors daytime games and later in November I will have the junior curling times as well. As always, we love to see spectators at the

club, so drop in and see for yourself what curling is all about.

League scores for October 18 to 22

Peewee A Monarchs tie Manvers, lose to Ops

Minden's Peewee OMHA Monarchs scored one goal in each period of the October 23 game, but it wasn't enough as they bowed to the visiting Ops squad by a 9-3 margin.

The score was tied at 1-1 at the end of the first period. Jeremy Upton was the Minden marksman, notching the equalizer on a solo effort with 46 seconds left in the period.

Ops had taken the lead a minute and a half into the game.

The visitors outscored Minden 3-1 in the second frame for a 4-2 advantage going into the third.

Darryl Arbour was the Minden sharpshooter in the middle frame, from Kolt Smith.

Ops continued to gain momentum in the third, notching five goals to Minden's one.

Darrin Brown scored the lone goal for the Monarchs in the third period. Matt Allore assisted.

Minden 3, Manvers 3

The following day the Peewee A Monarchs went to Manvers for a game. The two teams proved to be evenly matched, skating to a 3-3 draw.

After a scoreless first period, Manvers drew first blood midway through the second.

Matt Moore evened the score for Minden, converting a pass from Matt Allore.

The Monarchs took the lead 58 seconds into the third period with a goal by Andrew Bull. Darrin Brown set that one up.

Manvers rebounded with two in a row to regain the lead at 3-2 by the middle of the frame.

Jeremy Upton knotted the game at 3-3 with 4:06 remaining. Chad Carpenter assisted on the equalizer.

Neither team was able to break the deadlock so they settled for the tie and one point apiece.

FRED COX MEMORIAL AWARD: Al Clement Sr. was the first recipient of the Fred Cox Memorial Award for scoring a plus 70 in one game. This will be an annual award for this event, in memory of the late Fred Cox, who bowled at the County Bowling Centre since the opening day.

Al Clement Sr. earns first Fred Cox Memorial Award

County Bowling Centre held its annual 300/700 Club Tournament at the Centre recently to determine the grand champion.

All the "Lane to Fame" bowlers whose scores were displayed on the ceiling for the 1998-99 season competed in the pins-over-average tournament.

First place and the Fred Cox Memorial Trophy went to Al Clement Sr. of the Monday Night Mixed League with a plus 75.

Second, with a plus 59, went to Trevor Clement of the Youth Bowling Council's Senior League.

Fred Knight of the Legion 636 Mixed League took third place with a plus 57.

4-2 win in Fenelon Falls starts Monarchs season off right

Novice Bs win season opener

- submitted -

The Minden Novice B Monarchs started their season off right with a

4-2 win in Fenelon Falls on October 24. Coach Paul Walker had a full complement of players, including goalie Colton

Dick, defensive players Joey Findeis, David Markowski, Daniel Walker and Kaitlin Cowan and forwards Matt

Robins, Daniel Langpohl, Kelsey Pierson, Logan Brown, Taryn Robins, Alex Lopez, Tanner Warburton, Jordan Dick and Michael Hicks.

The first period was a close checking one with neither team getting many shots on goal. The frame ended in a scoreless tie.

The second period was a different story, with five goals added to the scoreboard. It all started just 50 seconds after the opening faceoff, when Matt Robins fired a shot over the left shoulder of the Fenelon goalie. That unassisted marker broke the scoreless draw.

Fenelon got back on even terms with a goal a minute and 38 seconds later.

The tie lasted less than a minute. Daniel Walker fed a pass to Alex Lopez, who, in turn, passed to Taryn Robins, who beat the Fenelon

netminder for a 2-1 Minden lead.

The home team wasn't about to give up without a fight and with 5:10 remaining in the middle frame, scored to tie the game at 2-2.

It took the Monarchs just 12 seconds to pull in front again, this time to stay. Daniel Langpohl found the mark with what proved to be the game winner. Matt Robins assisted.

The third period was filled with excitement, with both teams enjoying some good scoring chances. With 2:15 remaining in the game, Minden's Alex Lopez scored an insurance marker, assisted by Taryn Robins. That ended the game's scoring with the Monarchs in front by a 4-2 count.

With such a great team effort in their opening game, the Monarchs are looking forward to the season ahead.

Trails and Tours Talk

by Barrie Martin

to share their thoughts and stories about canoeing in Haliburton County. They recognized that our waterways are a wonderful asset that needs some attention. Well maintained canoe routes will provide quality recreational experiences for residents and visitors to the county. The meeting in November is for anyone interested in forming a canoeing association that will play a role in improving and maintaining the county's canoe routes. November is the perfect time to be thinking about the path of the paddle. Hope to see you there.

On the Trail with SSFC

Students in Sir Sandford Fleming College's Ecotourism Management Program are focusing on trails and tours this year. Under the guidance of Al MacPherson their research and thesis work includes the following projects:

- ♦ Glebe Park Sculpture Trail Design and Plan
- ♦ Ken Reid Park Sculpture Trail Design and Plan
- ♦ Haliburton Village and Drag River Historical Walking Tour
- ♦ Head Lake Loop Trail
- ♦ Snowdon Park Recreational Plan (Trails)
- ♦ Gelert Trail connection to Minden
- ♦ Minden Walking Trail extension

Students are also busy planning the 5th Annual Ecotourism/Adventure Tourism Conference, being

HHTTN temporary executive elected

Paddle into Winter

With winter on the horizon I have been thinking about canoeing. How about you? I am planning to attend the canoeing meeting being sponsored by the Haliburton Trails and Tours Network on Wednesday, November 10, 7 p.m. at Club 35 at Halls Lake. This meeting was inspired by the interest of 35 or so people who met in August

held in partnership with the Haliburton Highlands Trails and Tours Network, the Trails Tourism Development Project and the Frost Centre. Residents of Haliburton County are invited to attend along with other participants from far afield, including a person who is travelling all the way from Israel to participate. In addition to the keynote speakers -- John Snobelen, Minister of Natural Resources; Doug Murray, Tourism Officer and Trail Development Manager, PEI; John Bellini, Executive Director, Trans Canada Trail and Allan MacPherson, SSFC -- there is a wide variety of topics. They include: Recreation Trails on Crown Land; Liability and Insurance Issues; User Conflict on Multiple Use Trails; and Construction of Interpretive Trails. For more information or to register visit www.flemingc.on.ca/news/ecotourConf.asp or contact Cathy Sloat at 705-457-1680, csloat@flemingc.on.ca

Thanks to Sir Sandford Fleming College for its huge contribution to trails and tours in Haliburton County!

Table Talk

There wasn't an empty seat around the table at HHTTN's second Board of Directors meeting on October 18. Things start to happen when 16 interested and interesting people get together. Some highlights were:

A "new" executive was elected - Vice-chair Wendy Ladurantaye,

Treasurer Don Gage, Secretary Graham Borgdorff and yours truly, Chair. We will serve until the first Annual General Meeting which will be held in April or May.

The Network is working. For example, John Thompson, of Haliburton County Horsemen's Association expressed an interest in upgrading the bridges on the rail trail to make them suitable for horse travel (horses don't like those gaps); Peter Overington of the Haliburton County Snowmobile Association suggested that they get together to talk about the possibilities.

The HHTTN is writing a letter of support to include in the grant application for the Hawk Lake Log Chute Restoration Project (and trail).

The Heart Connection wants to be a partner in the production of a series of brochures designed to promote trails and tours in the county. The offer of support was enthusiastically embraced. Design and production of the brochures will soon be under way.

Our next meeting is November 9, 7 p.m. at the MNR office in Minden. All are invited to attend; delegations to the board are welcome.

Momentum is building. It seems we will need more chairs at the next board meeting.

If you want to know more about the Haliburton Highlands Trails and Tours Network visit www.trailsandtours.on.ca or contact Jan Thomas at 705-286-2410, info@trailsandtours.on.ca.

Atom A Monarchs blank 'Caygeon, bow to Woodville

Minden 4, Bobcaygeon 0

The Minden OHHA Atoms hosted Bobcaygeon on October 23. It turned out to be a one-sided match, favouring the home team.

Bobcaygeon started quickly with two good scoring opportunities but starting Monarchs' goalie David Muir made two good saves to set the tone of the game.

The contest remained scoreless until Aaron Keaney took an Adam Googh pass and stormed in on his off-wing and snapped a shot to the short side.

Cody Smith contributed four big hits in the same opening frame.

Early in the second period, Smith scored on a wrap-around effort with assists going to Googh and Zac Joanu. Joanu scored one for himself from the point a short while later, with Keaney assisting. Minden continued its physical play with good hits from Matt Clements and Jordan Joanu.

Travis Walker closed out the scoring with an unassisted effort midway through the third period.

Mike Lennox preserved the shut-out when he trapped a rebound off the post which was heading into the net.

Woodville 4, Minden 2

Minden traveled to Woodville on October 25. Minden held the edge in play for most of the first two periods. Cody Mills had many good scoring opportunities, as did Gavin Hicks. Justin McKelvey played a very physical game in his own zone. Lennox made saves on three or four good quality Woodville scoring chances to keep the game scoreless.

Sherri Walker opened the scoring late in the second period when she tapped in a goal-mouth rebound. Assists went to Googh and Smith.

Woodville tied the game on a rush along the right boards, when the shot just eluded Muir's glove. With the game tied one apiece the flood-gates opened for Woodville when the home team scored two consecutive goals.

Minden closed the gap to one, when Mills fired one from the slot. Zac Joanu assisted. Woodville put the game away, though, with an insurance marker with two minutes left in the game.

BEST OF SHOW: As the Agnes Jamieson finished off another successful summer season, Gallery Administrator Diane Graham announced the best of show winners at the Annual Members' Show on October 30. The winners included artists Joan Carlen and Hugh Thornton in the painting category, Vicky Cross for her fabric art, and John Kerr for his wood carving skills. The best of show was selected as Hugh Thornton's *Portugal After the Rain*. Thornton, a Boshkung Lake cottager, is a new member and will be hosting his own show next summer. Pictured, left to right, are Vicky Cross, Joan Carlen and Hugh Thornton in front of Thornton's best of show painting.

REMEMBRANCE DAY

Remembrance Day – The *Last Post* sounds – Canadians pause in silence. This year, at the end of a century of wars, The Royal Canadian Legion asks all Canadians to pause for a special “2 Minute Wave of Silence” starting in Newfoundland and moving across Canada's time zones like a wave. Be part of it. At 11 a.m. in your home town, take **two minutes** to stand silently, think and remember those who gave their futures so that ours would be secure. With your family, friends and business partners, join the “2 Minute Wave of Silence”. It will be **two minutes** well spent before the minutes of this millennium run out.

Decisions will require 75% vote

(from page one)

spend the reserves.

Moore suggested the new council, which will take office on January 1, 2001, would be able to borrow from reserves as necessary.

Anthony said she has heard horror stories of new councils going on spending sprees with reserves that took years to build.

It was also stressed that councils should not be allowed to draw down reserves in order to hold the line on taxes.

Chairman of the Amalgamation Committee Les Shepherd asked the members to go through a document drawn up by the Townships of Haldimand and Alnwick in Northumberland County. In that document, the powers transferred to the Transition Board are spelled out in detail. The local group has decided to draw from the experience of other municipalities rather than reinvent the wheel. After considerable discussion, all 25 of the Haldimand-Alnwick recommendations were adopted.

One point which was discussed at length was a provision that read: "review and approve all financial transactions of the former municipalities in excess of \$10,000 that are not included in the approved municipal operating budgets for the year 2000."

The reasoning behind that provision was to prevent one municipality from spending its reserves so others wouldn't be able to share when the amalgamation is complete.

Clayton Cameron, the AH&M Public Works Superintendent, posed the question, "what if the ice maker breaks down at the arena?" Cameron said that in such an event, a decision would have to be made immediately to prevent losing the ice. He noted that

Sherborne Stanhope make cautious decisions

(from page one)

Les Shepherd created an outline proposal for the group to review. "This is a pretty bare bones type proposal," said Shepherd, who noted that this is a very general document, compared to the level of work that will have to be done as the next election approaches.

emergency repairs could cost \$25,000 or more and there would be no time to call a meeting of the Transition Board to get approval by 75 per cent majority vote to go ahead with the repairs. He also noted that the arena is booked for the entire season and the loss of the ice could be very costly in terms of lost revenues.

Lutterworth Councillor Heather Hope seemed to sum up the committee's thoughts when she said, "There's no question, in a case like that, you would go ahead and spend the \$25,000."

An example AH&M Deputy-Reeve Jerry Rome cited was something that happened in his municipality earlier in October. He noted that a township pickup truck broke down and the cost of repairs to the vehicle would have been more than the truck was worth. AH&M council decided to replace the truck with a new one rather than spend several thousand dollars on the old one.

It was decided that the \$10,000 ceiling would apply to capital expenditures.

The committee agreed to present its amalgamation recommendations to Shepherd by November 15 so he can put a proposal together in time for a County Council meeting later in November.

Name game

Snowdon Reeve Ross Rigney suggested that forms be sent out with the spring tax bills asking ratepayers for suggestions for a name for the new amalgamated municipality. It was decided that a deadline of June 30, 2000 would be set for name submissions. A selection committee would review the submissions and present a pared down list for the amalgamation committee's final selection.

Over the coming months, the township councils will work together, by forming an official transition board, to deal with the issues of finances, staffing, insurance, equipment, and other assets and liabilities. The board will effectively plan and decide the shape and spectrum of the amalgamated municipality. "It

School board urged not to support children's vote on November 19

The following report is a summary of some of the items discussed at the October 16 regular meeting of the Trillium Lakelands District School Board.

A Bobcaygeon man urged the school board to vote against a proposed children's vote in November. Doug Hindson told members of the school board at its regular meeting in Minden, that the National Election for the Rights of Youth is disrespectful to parents and unconstitutional.

The National Election for the Rights of Youth is to take place across the country on November 19, and is open to youth under the age of 18. Children will vote for which of ten rights on the ballot they feel is the most important. These rights include: Education, Family, Food and Shelter, Health, Name and Nationality, Non-discrimination, Own Culture, Protection from Harm, Rest and Play, and Sharing Opinions. These rights have been compiled from the United Nations Convention on the Rights of the Child, in conjunction with the tenth anniversary of the convention.

"I would like to ask this board to disallow this," said Hindson. "What this is doing is creating a political rights agenda."

Hindson noted several reasons, why he felt that this was an inappropriate exercise for the School board. Among his concerns was the cost of ballots for the board, the lack of consultation with parents, its manipulative power over children, youth making an uninformed decision, Election Canada's partisan involvement and a leftist agenda behind the project. He noted that the par-

ents council at Fenelon Falls Secondary School has voted not to participate or support the initiative.

Student Trustee Kim Varty stated that the idea to participate in the vote was a suggestion by the Group of Seven, a committee made up of representatives from each of the secondary schools. "We were looking at the process more than the product," said Varty. The Group of Seven felt it would be a good exercise in civics and the electoral process. She also noted that the information would be explained at assemblies at each participating school.

"I think your intentions are good," said Hindson, but he felt that the group did not fully understand the agenda. The board thanked Hindson for this input and decided not to make a decision right way on the issue.

White Ribbon campaign

Trustee Reid Scott brought up the topic of violence in schools, as the board made the decision to support the White Ribbon campaign. The campaign supports men against violence against women, which Scott, believed to be a good start, but wondered if the school board should begin to bring focus to the problem of violence in schools. Director of Education Evelyn Brown stated that the school was just one portion of the solution, but an important one, as many confrontations and violent acts are played out within school boundaries.

Kim Varty reported on the Haliburton Highlands Secondary School's recent assembly on school violence, and the discussion with school, police and YWCA representatives that followed. "I

think that everyone in the school found it very beneficial to have someone right there in front of you to talk to," said Varty.

The board voted to support the campaign, as a first step in creating a solution to violence in schools.

EQAO Testing

Superintendent Dale Robinson reported that last year's grade three as-

essment from the Education Quality and Accountability Office had been released to staff, but would not be publicized immediately, as there had been errors in the results. After the revisions, the documents will not go public no later than December first. Robinson noted that these results, cannot be compared to any of the two previous testing results, as the test has been changed.

Haliburton Messiah choir sings songs of praise

-submitted-

Ask the average person on the street about John Rutter and all you may get is a blank stare, but ask a choir director and you will receive a smile.

To tens of thousands of musical directors and choir members throughout the world, the compositions and arrangements of the Englishman, John Rutter, are among their favourites.

Just ask Melissa Stephens, the musical director of the Haliburton Messiah Choir, and she will gladly tell you of the

many Rutter arrangements she has conducted with her many church choirs and the warm reception they have enjoyed with both singers and congregations.

When looking for a theme for the upcoming Messiah Choir concert, there was a great deal of enthusiasm among choir members for a concert featuring some of his music.

But rather than showcasing him entirely on his own, the idea for *Classics of Praise* was born. Think of it as an enjoy-

able evening of music history.

The choir will use this opportunity to showcase some of the greatest pieces in the long and glorious history of sacred music.

Among the pieces in the first part of the program are Baroque choruses such as Bach's *Et Incarnatus Est* (He was Incarnate), Classical numbers such as Haydn's *The Heavens are Telling* and Romantic pieces such as Schubert's *The Lord is my Shepherd*. One can even find a modern chorus by Dvorak for comparison. Listen

carefully and note the differences and similarities between composers of the same eras. Hear for yourself, the progression of styles from one era to the next.

Then in the second half, you can enjoy the work of John Rutter, a popular, present day composer/arranger and compare his music to that of the masters of the past.

On the other hand, perhaps you may just want to sit back, relax and enjoy the wondrous singing of the Haliburton Messiah Choir.

Either way it is sure to be an incredible evening of music.

Performances will be at the Minden United Church on November 26 at 7:30 p.m. and at the Northern Lights Performing Arts Pavilion in Haliburton on November 28 at 2:30 p.m.

Tickets are \$12 and may be purchased at Nancy's Flowers in Haliburton or the IDA Drug Store or at The Corner Store in Minden.

SIRCH celebrates 10 years of helping the Highlands

-submitted-

SIRCH Community Services and Consulting is celebrating its tenth anniversary open house on Friday, November 5, at its offices west of Haliburton on Hwy 121.

It has been a decade since the doors of SIRCH first opened.

Supportive Initiatives for Residents in the County of Haliburton was established ten years ago to administer a wide variety of health and social service programs in Haliburton County.

In 1989, SIRCH introduced Parent Support Services, the first of over 20 programs and services SIRCH has started or brought to Haliburton County for men, women and children. In the process of its growth and involvement, SIRCH has also been a source of income for over 100 people in the county who were employed or contracted for various projects, as well as a source of skill development for over 275 Ontarians who have taken SIRCH training.

Gena Robertson, the Executive Director of SIRCH for the past 10 years, stated "It has been a wonderful opportunity for our organization to pause and look back at

the variety of things we have done.

It is very humbling to count the hundreds of staff, volunteers and others in the community who have helped SIRCH make a difference. It's been inspiring to realize that we've not just touched the lives of families in Haliburton County but that the SIRCH name is known by people in Ontario, Canada and beyond. Our slogan says it all: So It Really Can Happen."

SIRCH has become recognized well beyond the boundaries of Haliburton County, for its creativity, innovation and expertise. That recognition has brought opportunities to partner with various organizations in other parts of the province, to deliver services, and provide training. By forming a new division in 1998 called SIRCH Consulting, the SIRCH staff has shared its unique expertise at several international symposiums and conferences, has conducted community and regional consultations, and has developed and delivered training and resources.

SIRCH has entered the international market with the development and dis-

tribution of the "School's Cool" program, an innovative learning readiness course and kit for children ages three to five. It has also recently been translated into French, to become the "L'école, c'est cool" program.

The SIRCH Open House is free and everyone is welcome to drop by between 10 a.m. and 4 p.m.

Closed meeting planned to discuss staff

(from page 15)

allows you to go ahead and do a lot of the transitional jobs next year," he said.

This meeting was focused, however, on the more general amalgamation proposal, including the number of elected officials who will represent the municipality. It was decided at the previous meeting that the council would be comprised of one reeve, who would be elected at large, and four councillors, two for each Stanhope and Sherborne ward. Deputy Reeve Garry Sanderson made a request to the group that the Sherborne ward be further split, with one councillor representing the Dorset area and the other the remaining areas of the Sherborne ward. There was also discussion over an additional two councillors to carry the expanded work load, but in the end, as a cost saving measure, it was decided to keep the numbers lower.

The issue of staff arose, as all councillors felt that municipal employees should know where they stand.

Association's focus on Minden

(from page 3)

joined and paid their fees. He pointed out the recent demise of the BIA (the organization has been placed in limbo by the municipality rather than disbanded) means that in the coming year, downtown merchants will no longer be obligated to pay a BIA levy or forced to be a member of the organization.

Lynnea Baynton, operator of the Wild Swan Bed and Breakfast was supportive of the new organization. "We are interested, supportive and want to join your work," she told the group. She reported she had been a part of a group of merchants from outside the BIA which called itself 'Friends of Minden'. She said the group had developed a beautification plan for the village which included planting trees along major streets and the river. "We want to carry on in concert with your organization," she said. Willis said this was an example of the kind of co-operation the new organization was hoping to foster in the area.

Those in attendance agreed to meet again on November 17, upstairs at the Anson, Hindon and Minden municipal office. At that time they would encourage their fellow members of the business community to attend and help to get the Minden Business Association up and operating.

Stanhope Councillor Tom Gardner requested that once joined, staff should have the right to keep their seniority, and all were in agreement. Les Shepherd stated that this was an issue that did not need to be addressed in the initial proposal, Garry Sanderson and others felt that they could not leave this decision for several months, nor could they have a decision prepared in time for the final meeting in a few weeks. "The County waited so long, and now we have to do this under the gun," said Sanderson. He proposed a closed meeting, to be held on November 10, to iron out the specific staffing issues of how many people are required to perform the duties needed in the new municipality.

Eventually the floor was opened to questions, which were many and varied. It was reported that while Stanhope staff members are on a pension plan, Sherborne's are not, which will actually cost the municipalities as all staff will have to be included.

A group of residents from Oxtongue Lake, asked about the likelihood of their area joining with Lake of Bays in the District of Muskoka. Shepherd explained that the process would involve the approval of both townships and county and district councils, which would be impossible, as Haliburton County council has stated it will maintain the county boundaries. Don Shortreed was adamant about keeping all of Sherborne et al in Haliburton County, noting that he would be "six feet under" before that would happen.

The next public meeting will take place in Stanhope at the Firefighter's hall on November 20.

Teens charged in knife fight

The following report was compiled by the Victoria County detachment of the Ontario Provincial Police

A Norland man was arrested after a break and enter at the Abeck Accounting Tax and Computer Service on Highway 35. The company suffered a loss of computer equipment valued at \$16,000.

Victoria County OPP responded to a call on October ninth at 8:45 a.m. The complainant found that the business had been broken into. The suspect entered the store by smashing the doors.

On October 10, resi-

dents from a nearby house, noticed computer equipment in their home. Being aware of the break and enter that occurred, they called the Victoria County OPP detachment for assistance.

The investigation revealed that Tracey Angiers, 32, of Norland resides part time at the residence in question. Angiers allegedly had broken into the business before leaving for the weekend. He had taken the stolen items to the residence to conceal them. With the information that was obtained from the finder of the computers, OPP officers arrested Angiers for break

and enter. He was subsequently charged with possession of stolen property and breach of probation.

Assault charges laid

Two Somerville Township youth have been charged with a variety of offences after an assault in Fenelon Falls on Wednesday 27.

Victoria County OPP received a call about an incident in the Village of Fenelon Falls. The incident occurred between two girls, when one of the girl's boyfriends intervened and grabbed the other girl. A brief scuffle between the male and fe-

male occurred as both individuals pulled knives on each other. Neither sustained any knife wounds.

OPP arrested the 15 year-old male and charged him with Assault with a weapon, possession of an offensive weapon, assault and carrying a concealed weapon.

The 17 year-old female, also of Somerville Township was charged with assault with a weapon, possession of an offensive weapon, and breach of probation.

Both individuals were held in custody for a bail hearing on October 28.

Speeding a problem on 121

The Haliburton Highlands Detachment of the Ontario Provincial Police received complaints from both business owners and residents of Haliburton Village, regarding vehicle speeds on County Road 121, west of Haliburton. It was felt that tourists were the worst violators.

The specific stretch of County Road 121 runs from the village eastbound, with a posted speed limit of 80 kilometres per hour. At Peninsula Drive, the speed limit is reduced to 60 kilometres per hour. At Curry's body shop the limit drops again to 50 kilometres per hour, through to Haliburton Village.

The OPP, in response to the local complaints, conducted hand held radar tests in the 50 kilometre zone, during day and night shifts on six occasions, during a 12 day period.

The results are as follows:

- Over 200 vehicles were clocked by the radar
- Speeds averaged 70 to 100 kilometres per hour in this area
- Speeds did not vary east or westbound
- 90 per cent of violators were residents of the Village of Haliburton and were aware of the reduced speed limit, contradicting the idea that tourists were the main violators
- Most stated that they were not paying atten-

tion.

- A number of tickets and warning were issued to drivers by officers
- A number of drivers stopped did not have a copy of their licence, valid insurance or ownership with them

The Haliburton Highlands OPP would like to advise motorists that this stretch of roadway was repaved and the speed limit was reduced some time ago. Numerous warnings have been issued, thus residents should be aware of this change in posted speed limits.

In order to promote public safety, this location, as well as other in the County of Haliburton, will continue to be monitored by the OPP.

STAY AWAY FROM FALLEN WIRES

Ice storms, high winds or fallen tree limbs can bring hydro lines down. Even a fallen wire that seems dead can be dangerous. Warn others to keep clear and call your local hydro or the police to report the fallen wire. If there's a live power line touching your vehicle, stay inside until a hydro crew removes the line, putting even one foot on the ground can be a fatal move to make. If you must leave because of fire, jump clear without touching the car and the ground at the same time. For advice or assistance, call our Customer Communications Centre at 1-888-664-9376 or visit our website at www.onhydro.com for more safety information.

PROPOSAL TO SELL EXISTING CROWN LAND COTTAGE LOT ON 4 LAKES IN SHERBORNE & LIVINGSTONE TOWNSHIPS

The Ministry of Natural Resources is proposing to amend its Bracebridge District Land Use Guidelines to enable the sale of existing Crown land cottage lots on 4 lakes in the municipality of the Townships of Sherborne, McClintock, Livingstone, Lawrence and Nightingale, in Haliburton County.

Large numbers of Crown land cottage lots were created in Ontario over many decades. In 1974, the Crown stopped selling cottage lots in southern Ontario (i.e. south of the French and Mattawa River systems), including any existing, unsold lots. In 1983, MNR's Bracebridge District Land Use Guidelines (DLUGs) incorporated the provincial direction by including a commitment that:

"authorization will not be granted, nor will disposition of Crown lands be considered for... seasonal residential, rural residential, or remote cottage development".

A policy change by the provincial government earlier this year now provides for consideration of the sale of existing Crown Land cottage lots that are within registered plans of subdivision. The proposed amendment to the Bracebridge DLUGs would enable the sale of existing cottage lots in 8 Crown land plans of subdivision. These subdivisions were approved under the Planning Act between 1967 and 1970, but not all of the lots were sold before the Crown stopped selling lots in this part of the province. The plans of subdivision are located on:

- Clear Lake (just north of White Trout Bay of Kawagama Lake) in Sherborne Township;
- Crown Lake in Livingstone Township;
- Deer Lake in Sherborne Township; and
- Wolf Lake in Livingston Township.

Only lots that can be developed without significant negative environmental impacts, and that can support a Class 4 sewage system are being considered for sale. Furthermore, any lots to be sold must conform to the municipality's zoning standards. Where necessary to meet these standards, existing lots would be merged, resulting in potentially 53 lots for sale on the 4 lakes. Lots would be sold at market value.

It is proposed that the Bracebridge DLUGs would be amended through the addition of the following wording:

"An exception would be to sell certain existing Crown land cottage lots on Clear Lake and Deer Lake in Sherborne Township, and Crown Lake and Wolf Lake in Livingstone Township, in Haliburton County."

If you wish to provide comments about this proposal, please provide them in writing by Monday December 6, 1999 to:

Paul Gavel, Senior Lands Technician
Bracebridge Area Office, Parry Sound District
Ministry of Natural Resources
R.R.#2
Bracebridge, Ontario, P1L 1W9

Telephone: 705-646-5510
Facsimile: 705-645-8372

Comments and opinions will be kept on file for use in making a decision on this matter; comments may be included in the documentation of this review, which is available for public review. Under the Freedom of Information and Protection of Privacy Act (1987), personal information will remain confidential unless prior consent is obtained; however, this information may be used by the MNR on other resource management surveys and projects. For further information regarding this Act, please contact Sharon List at 705-646-5504.

 Ontario

Youth forum an opportunity for young and old

Haliburton County youth have a chance to have their say, at the upcoming third annual Youth Forum at Camp Wanakita in November. The forum provides youth with an opportunity not only to discuss various issues, but try to come up with solutions and share them with interested adults.

The Youth Forum is organized through Family Services of Haliburton County and has become increasingly popular over the last couple of years. This year, organizer Greg Shantz hopes that between 20 and 40 kids from all areas of the county will be able to attend the weekend session on November 5 to 7. Last year over 25 youth, varying in age, from around the county participated in trust games, discussions about youth issues, and interacting outside their usual peer group to hear new thoughts and ideas.

Although the forum is comprised of many sections and activities, the main theme is Leadership. According to Shantz, in the past, there have been specific goals or projects, such as a skateboard park or the Protocol Youth centre, but now there has been a shift towards gaining essential leadership skills.

The provincial government seems to feel that this is a worthwhile event, as the forum received funding from the Trillium Foundation, for this year's event and next. As well, included in the grant was some seed money, in the event that the forum inspired a specific project for youth in the County.

Though the forum is for youth, adults are invited to participate in Sunday's activities. This segment of the forum is designed to join adults with youth to try to come up with solutions to many of the youth con-

cerns, as well as foster a positive relationship between two groups who on some issues, come to loggerheads.

Any adults who are interested in attending the Youth Forum are asked to call Greg Shantz at 457-5345 to register for the limited spaces.

Stolen 911 sign a mystery

The following report is a summary of some of the items discussed at the October 25 regular meeting of the Somerville municipal council.

Theft of 911 sign

A particularly popular 911 emergency sign at a Kinmount residence has been stolen once again. The sign has already been taken twice from the home and council has replaced it in the past. In a letter from the

home owner, it was requested that council purchase a third sign, while he will provide a more sturdy post and footing for the sign, in the hopes that it will thwart any would-be thieves. The municipality which has already replaced the sign, agreed to purchase another sign, but was generally quite upset at the prospect of someone stealing an emergency sign. "This is disgusting," said Reeve Dianne Austin.

Request for street light

Council has asked that all requests by the public come in written form, after a request was given to staff for a street light off the Third Concession, near Cedar Plank Road. Reeve Austin asked that if staff members are told of a request by the public; they should inform the group or individual to submit the request in writing to council. Council made no decision on the

streetlight.

Support for County Ambulance service

Somerville Council passed a motion, supporting a resolution it received from the Township of Mariposa, to request the County of Victoria "...assume responsibility for the direct operation of the ambulance service in Victoria County and keeping it as a public non-profit operation." The motion was fully supported.

Minden Scouts and Venturers explore Algonquin Park

-submitted-

The First Minden Scouts and Venturers had a triumphant end to their search for the cairn on Baden Powell Lake in the interior of Algonquin Park.

Early, on a foggy Saturday morning in late September, we departed from the scout hall in Minden, bearing canoes and gear, excited to get underway. The canoes were generously donated by Kilcoo Camp.

Upon arrival at Canoe Lake Landing, we prepared for our journey under clear skies and cool temperatures. Travelling up Canoe Lake, we admired the view of the beautiful autumn tree lined shores. The portage at Teepee Lake provided a chance to rest for a short time, then we continued the journey up Teepee lake and up the Oxtongue River. Just as we entered Little Dow Lake, we set up camp on a small island site.

After lunch, and a short rest period, the adventure began in earnest. We had travelled 10 kms and had approximately four more to go to Baden Powell Lake, an elusive body of water in the vicinity of "Vanishing Pond". Low water levels, reeds and high beaver dams fashioned a challenging paddle. Coming to a very long, rugged portage, we abandoned the canoes and took to the high ground for a cross country hike. Led by compass, we eventually came upon "The Lake" and following the shoreline (not an easy task), compass in hand, our leader discovered the cairn.

The log book was signed proudly by all — this was our goal and we were elated. However, daylight was running out and so our journey back to camp, equally difficult and challenging, began immediately. We arrived both exhausted and exhilarated.

That evening and the next morning, we were busy planning our next trip in the spring of 2000. As we packed up for our paddle back to civilization, we shared the noises of the night, the call of the loons, the moose mournfully groaning along the banks of the river and the owl, a good luck omen, hooting while some of us slept soundly under the luminous glow of the full moon.

Mist blanketed the entire world it seemed, so peaceful and quiet, we hated to leave this place. Unfortunately, it was imperative that we proceed and against very strong winds that came up suddenly, the return voyage was truly a test of our stamina, courage and skills.

Scouts, Venturers and parents arrived home safe, tired and satisfied that another trip next spring is exactly what we need! (For more information on scouting in Minden, call Wayne Cox at 286-1393.

U-Links is a project of the Haliburton County Community Cooperative

THE CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON AND MINDEN

NOTICE

(File No. SRA-98-06)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed by-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner, a portion of the original allowance for road, in front of Part of Lot 19, Concession 2, Township of Minden, County of Haliburton.

NOTICE IS HEREBY GIVEN pursuant to Section 300(1)(a) of the Municipal Act, R.S.O. 1990, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider, and if deemed advisable, to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on November 11th, 1999 at the hour of 10:00 a.m., a by-law to stop up, close and convey those parcels of land more particularly described as follows:-

A portion of the original allowance for road, along the shore of Kashagawigamog Lake, being Part of Lot 19, Concession 2, designated as Part 1 on Reference Plan No. 19R-6718.

The plan of survey is available for inspection in the Municipal Office, at Minden, Ontario during regular office hours.

AND FURTHER TAKE NOTICE that before passing the said by-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there, hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said by-law and who applies to be heard.

DATED AT THE Township of Minden this 6th day of October, 1999.

Tammy McKelvey, A.M.C.T.
Clerk-Treasurer

Concerns over restructuring to be discussed at Victoria County Council

by Warden John Macklem

Corporate Planning Highlights

In an effort to develop a new Official Plan for the County of Victoria, County Council has requested the CAO, Director of Corporate Planning, and the Coordinator of Development to develop a Terms of Reference for a Call for Proposal for Development Committee to consider at its next meeting.

Groundwater Management Study for Victoria County

Council adopted a resolution that the firm of Golder Associates Ltd. be hired to undertake a Groundwater Management Study for Victoria County at a total cost of \$406,273.65, subject to confirmation from the Ministry of Environment that it is prepared to fund the study (79% funded by the Province and 21% funded by the County).

Development Department Highlights

The County has received an 'Award of Excellence' from the American Economic Development Council for the 1999 promotional materials competition. This award was received for its 1999 Kawartha Seasons... A Year Round Guide to Victoria County.

In addition, the County received a second place award in the Economic Developer's Association of Canada, Marketing Canada Promotional Awards Competition, for its direct mail campaign entitled "Rush Hour in Victoria County".

Promotional Campaigns

The Development Department implemented an advertising campaign in The Fishing News, The Toronto Sun "Fall Feature, and the Globe and Mail "Fall Section".

The Department responded to 51 inquiries for information/advice from 40 different businesses (25 of

which are located within the County and 15 which are located from outside the County). The Department also responded to 87 planning advisory inquiries. The department attended the Canadian Conference for Business Development Professionals in Thunder Bay, presented by the Canadian Association of Business Incubators, in order to secure information on the potential creation of a business incubator (start-up) facility here in Victoria County.

Waste Management Highlights

The County has decided to proceed with the investigation of entering into waste management partnership(s) with neighbouring Counties/Regions. The next steps include the County of Victoria putting together a map to include the County of Victoria, the City/County of Peterborough, the County of Northumberland, and the Region of Durham. The map will detail the location of all planned and existing waste management facilities. This will allow representatives to determine where the ability lies for Counties/Regions to partner on waste management initiatives. Representatives from the County of Victoria will be contacting representatives to arrange tours of the various facilities, and to obtain more information.

County Removes Tipping Fees for Compost (brush and leaves)

County Council passed a resolution to remove the tipping fees for compost items such as brush and leaves going into the landfills. County Council requested staff to investigate the establishment of allotting residents a free amount of waste per year as an alternative to the clean-up events.

BRANCH 441
THE ROYAL CANADIAN
LEGION

TENDER for CLEANING SERVICES

Sealed tenders, clearly marked as to contents, will be received by Branch 441 Royal Canadian Legion Kinmount, Box 12, Kinmount, Ontario K0M 2A0, Attention Executive Committee until Friday, November 12, 1999 at 5:00 p.m. for cleaning of Kinmount Legion. Tender forms available upon request. For information regarding tender please contact the Royal Canadian Legion at 488-3462 or 488-3017.

HHHS

The laundry facility at the Haliburton Hospital site will be temporarily closed due to construction. Laundry will be transported on a daily basis (Mon.-Fri.) to the Minden site of HHHS (Hyland Crest) and returned. A person with an enclosed vehicle, large enough to contain two laundry carts (70"H x 24"W x 70"L) and one cart (32"H x 29"W x 41"L) will be required, beginning in early December and continuing for approximately 4 - 6 months. A mail pickup at each site will be included. The person must be bondable and provide details of vehicle ownership and insurance. Any questions, please contact Peter Fearrey at Hyland Crest 286-2140 or Betty Russell at HHHS 286-4997.

If you are interested in providing this service, please send a written price quotation, including total costs on a weekly basis, by November 5th to:

Carden/Dalton plan approved

(from page 25)

Illegal Dumping

As a result of two landfills being under surveillance for illegal dumping, several charges have been made and/or warning letters issued to people found illegally dumping materials in the County. Everyone is reminded that illegal dumping at landfill sites is an offence under the Highway Traffic Act.

Finance and General Administration Highlights

County Council supported the restructuring proposal presented by the Councils of the Township of Carden and the Township of Dalton to amalgamate the two municipalities under the name of the "Corporation of the Municipality of Carden/Dalton" effective January 1, 2000.

In addition, County Council supported the restructuring proposal presented by the Councils of the Township of Verulam and Village of Bobcaygeon that would on January 1, 2000, amalgamate the two municipalities as a Township under the name of the "Corporation of the Municipality of Bobcaygeon/Verulam". An amendment to the proposal was adopted that would allow for the continued seats and voting on County Council as exists prior to amalgamation for the interim council period.

These restructuring proposals will now be submitted to the Minister of Municipal Affairs and Housing for endorsement.

Selection of 1999 County Auditor

County Council passed a by-law to appoint the firm Humpage Taylor McDonald, Chartered Accountants, as the County auditors effective October 1, 1999 to September 30, 2002, subject to annual review.

Approval to Purchase Telephone Answering Services

To better meet the needs of the residents, County Council has authorized the purchase of services of a telephone answering service for use after hours and weekend emergency calls. In addition staff have been authorized to acquire a 1-800 number for emergency calls only.

County Council agreed to issue a debenture on behalf of the Village of Omeme to pay for roadwork

done in the Village this year. The debenture will be for a ten-year period, and the Village will be responsible for the annual payments, with the County contingently responsible.

Concern over the Financial and Social Impacts Relative to Restructuring

County Council endorsed a resolution to send a letter to the Ministry of Municipal Affairs and Housing to state that in any studies or consideration of restructuring of the County of Victoria, the County insists, as a minimum, that there be verification of the financial and social impacts on the following areas of concern for each municipality within the County of Victoria:

1. The level of service currently provided by each individual municipality and how restructuring will affect it;

2. Implementation schedules for services which will be changed from current practices and how it will impact on the ratepayers, i.e. liabilities;

3. The total and nature of the population of the County - i.e. what services and what level of service is expected for the age of the population;

4. Impacts on Commercial/Industrial/Farm properties and on Urban/Rural municipalities and their ratepayers;

5. Highway maintenance on the downloaded highways - what is expected and what can actually be delivered and at what cost;

6. The implementation of the leveling of current different levels of fire protection and fire prevention service throughout the County;

7. Rehabilitation of aging sewer systems and its impact on the County as a whole;

8. Rehabilitation of aging water supply and environmental protection and its impact on the County as a whole;

Meeting called to discuss amalgamation

(from page 26)

9. Police services and protection – different levels and service providers – how to equalize and what financial impact on the County as a whole;

10. Parks and recreation – various levels of service throughout the County – how to equalize and what financial impact on the County as a whole;

11. Hydro issues – six existing commissions – 11 municipalities without commissions – with the new hydro industry restructuring, the impact of the funds which may be derived from a sale of the assets or the dividends paid on the existing assets and the impact on the ratepayers who have paid for the assets;

12. Health care protection – the population age and location can dictate the requirements and how this will affect the balance of the County;

13. Impact of official plans and zoning by-laws to limit liability and provide proper planning;

14. Development charges – standardization and use of development charges throughout the County;

15. Application of building code – standardization of building permit fees and its impact throughout the County;

16. Potential impact on school facilities and child safety;

17. Careful review of existing poli-

cies that must be consistent with statutory obligations and the consolidation of those policies by any amalgamated municipalities to limit liability and how this will be fully implemented at the operational level to limit liability;

18. Identify existing tax levels to be evaluated in relation to each other and the impact on the classes of properties throughout the County;

19. Other taxation rates and levies applicable in individual communities (i.e. area rated).

Warden Directed to Call Special County Council Meeting

County Council directed the Warden to call a Special County Council Session as soon as Members of Council are available for the purpose of visiting the various restructuring scenarios. The meeting will be held on November 5 at 9:30 a.m.

THIS NOTICE FIRST PUBLISHED the 25th day of October 1999

Around the County Town

by Nora Snyder (call 286-4450)

How privileged we are to have such creative, talented and energetic people here in our County. Reading about Melissa Stephens' accomplishments was mind boggling! She certainly is the Highlander of the year, the honour bestowed on her by the Chamber of Commerce. Obviously we would not have the arts here we do if it wasn't for Melissa. An enormous thank you to you Melissa for all the music and the arts you have generated and keep going with your talents, energy and high standards. Reading also about the Business of the year, Northern Timberhouse and its owner Alfredo Rico. It has been interesting to watch his business grow just south of town, obviously an indication of how well things are going and how talented a company it is. Then to read last week about Alfredo's background and how he got here. An extremely interesting path! Yes, another person who knows how wonderful the Highlands are and how privileged we are to be here. His "true passion" for building has found a wonderful home.

The Minden and District Horticultural Society invites everyone to their last meeting of 1999. On Tuesday November 2 at 7:15 pm at the Minden Community Centre upstairs. At press time the guest speaker had not been confirmed so come on and be surprised.

It is the time for the Annual Turkey Dinner at St. Paul's Anglican Church on Friday, November 5, with sittings at 5:00 and 6:30 pm. Adults are \$10, children 12 and under \$5 pre-schoolers are free. Advance tickets can be purchased at the Church office and at Campbell's Flowers.

The Haliburton Highlands Genealogy Group holds its next meeting on Wednesday, November 10 in the Minden Public Library at 7:00 pm. The emphasis of this meeting is FUN! The plan is to illustrate a way to help special relatives recall special times, jogging their memories so we may share and record their thoughts, experiences, likes and dislikes, places and times they thought they had forgotten. Time allowing, this will be followed by the ever popular, "Bring an Ancestor", when we are encouraged to give a brief

talk about an object, photo or an interesting story concerning a past family member. If the item is especially interesting, perhaps there will be time at a meeting in the year 2000 to expound on the topic! Members are reminded that Carol Miles is still taking the names of those who wish to attend our "Very Social Christmas Lunch" which is taking place on Saturday, November 27.

On Wednesday, November 17, is the Carnarvon Sunshine Sisters Christmas Pot Luck Supper at Club 35 at 6:30 pm. The Sunshine Sisters have been meeting twice a year for several years. Prior to that, they met at Christmas time only, usually in someone's home. However, due to the increase in the numbers, the group has moved to larger facilities. Each new gathering brings in several new women who are warmly welcomed. If any new women are interested in an excellent women's night out, please call Elinor Kleinschmidt at 489-3737 for more information.

Into November! What comes next? Have a good first week of the month.

Scoring News

Let's start with the Bridge scores this week: At the Home Support offices on Thursday, October 21, playing Duplicate, Ross Fletcher and Muriel McIntosh were first with 66%. Second were Gladys Fugar and Helen McCracken with 64% and in third were Judy Neimann and Maria Lehoczyk with 49%.

Tuesday, October 26 at Stanhope playing Contract bridge, two small slams were bid and made, first by Jack Croucher and Frank Schlotter and secondly by Vange Croucher and Pearl Foster. Those slams started the mood of the day which was rather a "Croucher and Schlotter mood". Dorothy Strype crept into fourth place with 4970 as Pearl Foster did into the slams but then "the mood" took over again when Frank Schlotter was third with 5440; Betty Schlotter was second with 5560 and Jack Croucher was top with 5870. A hard day with all the other last names.

At Parklane on Wednesday afternoon, October 27, playing Duplicate, in first place with 70% were Jack and Willie Cox. Great score! Second were Lourene Scott and Joan Galley with 58%. Vera Carnochan with Mayme Douglas were third with 68% and the fourth place winners were Jack and Vange Croucher with 64%.

From the Friendship Club at St. Paul's last Monday afternoon, comes the certain knowledge that laughter is good medicine as a great deal of laughter took place that afternoon and everyone there appeared very healthy. Lots of healthy winners too. Jeanne Keliele won Lone Hands. Bill Mosley and Isabel Cherwenka took the High Scores and Jack Chilton found the Hidden Score. Jesse Barlow was Low Man. Fern Donnelly was Low Woman but she also won the 50/50 Draw. Keep up the Laughter.

The Minden Legion scores: Thursday evening, October 21, playing Euchre Georgina Parkes and Rod Farr won the Most Lone Hands. Vivian Anderson and Helen Henderson won the High Scores with Jean Scadden and Jim Bradbury winning the Lows. The Other Prizes were won by Vi Edgson, Marcel Roussel and Marg Mc Afee.

On last Tuesday afternoon playing Senior's Bid Euchre, Jean Scadden,

Trudy Kroes, Jack Chilton and Dorothy McElwain were the top scorers. Pat Roussel found the Hidden Score. Dorothy McElwain, Jean Scadden and Marcel Roussel each won a Moonshot.

Up at Club 35 last Monday evening, playing Euchre, Cliff Woolner won the 50/50 Draw. Gayle McConnell won the Lone Hands. Marjorie Cowen and Bill Mathews took the High Scores and Betty Mathews and Bill Jordan took the Lows. Paul Thompson went home with the Baloney.

Over at Gelert, last Tuesday evening, playing Euchre, Isabel Saunders and Lorna Hicks took the High and Low scores for the Women. Orval Francis and Ruby Francis did the same for the Men. Dorothy McElwain won Lone Hands and Don Curry won the 50/50 Draw. Sounds like everyone is back in the swing.

Up at Stanhope last Wednesday evening, playing Bid Euchre, no Moonshots were won. That must be a first!! The scores were rather low also and very close together. In fourth, Pat Scadden, 250; Ken Wallace, 253; Marion Farr, 255; Peter Farr, 256; and ahead of the pack in first, Marjorie Cowen.

Settling into winter cards. A great way to spend some time. See you here next week.

YWCA of Peterborough Victoria & Haliburton

childhood sexual abuse in their lives, utilising group and individual counselling techniques

Start Date: November 22, 1999 Wage Rate: \$22.13/hr./C.U.P.E. Local 3521

THE TOWNSHIP OF LUTTERWORTH

NOTICE OF PUBLIC MEETING

Proposed Amendment to Zoning By-law 4-81 Township of Lutterworth

DATE: Thursday, November 25, 1999.

TIME: 7:00 p.m.

PLACE: Lutterworth Council Chambers -
Hwy. No. 35, 3 miles south of Minden

APPLICANT: John E. Percy

LOCATION: Part Lot 16 in Concession 10, 19R-
5329, located on the north west shore of Gull Lake

PURPOSE AND EFFECT: To rezone the subject
lands from the Shoreline Residential Type Two Ex-
ception Eighteen (SR2-18) Zone to the Shoreline
Residential Type Two (SR2) Zone wherein the mini-
mum lot area and frontage requirements for a sea-
sonal dwelling house are 2800 square metres (i.e.
30, 140 square feet) and 45 metres (i.e. 147 feet)
respectively. The effect of the proposed amendment
is to facilitate the subdivision of the lands by con-
sent to land severance to create five lots to be devel-
oped for seasonal residential purposes. The rezon-
ing of the lands within the Shoreline Residential Type
Two (SR2) Zone will also serve to fulfill a condition
of the approval of the consents to land severance.

CONCURRENT APPLICATIONS: The lands af-
fected by the proposed amendment are the subject
of four applications for consent to land severance
(i.e. H-134/98, H-135/98, H-136/98 and H-137/98).
The applications were granted by the County of Hali-
burton Land Division committee on May 10, 1999
conditional upon the lands being rezoned within an
appropriate zone classification.

REPRESENTATION: ANY PERSON may attend the
public meeting and/or make written or verbal repre-
sentation either in support of or in opposition to the
proposed amendment.

If a person or public body that files an appeal of a
decision of the Township of Lutterworth in respect
of the proposed amendment to the Zoning By-law
does not make oral submissions at a public meeting
or make written submissions to the Township of
Lutterworth before the proposed Zoning By-law
Amendment is adopted, the Ontario Municipal Board
may dismiss all or part of the appeal.

ADDITIONAL INFORMATION: relating to the
draft By-law Amendment is available during regular
business hours at the Lutterworth Municipal Office
or by phoning 705-286-1541.

DATED: At the Township of Lutterworth this 1st day
of November, 1999.

Ms. Mary Jane Irwin, A.M.C.T.
Clerk-Treasurer

Upper Canada Custom Woodworking

BIRTHS

DANNY & LESIA NEELY OF ORILLIA

Welcome with love
their new baby boy
**KALLEN TOMMY
KEVIN NEELY**

Kallen was born at Soldiers Memorial, Orillia, Ontario on Saturday, October 23, 1999 at 10:33 a.m. weighing 10lbs 5oz. Proud grandparents Kevin and Carol Bowron welcome their first grandchild with all their love. Third time grandparents Donna and Larry Enns and Jim Neely are all thrilled to welcome their newest grandchild to the family. All "Kallen's" Aunts and Uncles welcome with love this beautiful baby boy, and little cousins Jake and Jessie can't wait to play with their new cousin. Very excited great grandparents, Dorothy Stewart, Tilly Ems, Marion Patterson and Ken and Jeanne Bowron welcome "Kallen" with love.

*Our love for you is a blanket
Holding you gently in each fold,
Always wrapped within it's
warmth
Never will you be cold.
H.C.B.*

PERSONALS

Thanks to St. Jude the Sacred Heart of Jesus for favours received. May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred Heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude pray for us. Say this prayer 9 times a day for nine days. This prayer has never failed and your prayers will be answered. Publication must be promised. M.W.

CARDS OF THANKS

Dear Friends,
You have encircled us with your prayers. Your beautiful cards are an inspiration. Your many, many kindnesses will never be forgotten.
With love to all.
Dick & Laura

People of the Petition

We did it!
The lights are going in.
Thank you all.
Myrna McCarthy.

AT REST

McATEER

Connie (nee Mills)

Peacefully at Case Manor Nursing Home, Bobcaygeon on Thursday, October 28th, 1999. In her 88th year.

Beloved wife of the late John Andrew McAteer and the late Gerald Walker. Dear mother of Gregory Ian McAteer, Reverend Judith Merrit-McKay and predeceased by Joan Hevey. Loving grandmother of four grandchildren and two great-grandchildren. Dear sister of the late Dolly, Yvonne, Ernie, Rene and Billy. Funeral Service at Gordon A. Monk Funeral Home, 127 Main Street, Minden (1-888-588-5777) on Monday, November 1, 1999. Interment to follow at Minden Cemetery. Memorial donations to the charity of your choice would be appreciated by the family.

IN MEMORIAM

BUNKER, Olive Audrey (nee Bartholomew) and Clarence Henry.

On the anniversary of our dear mother and grandmother who left us October 28, 1978 and our father and grandfather who left us on November 17, 1994, sadly missed and forever in our hearts. With love by sons and daughters **Faye, Jack, Caroline, Joyce, Harry, Joanne and their families.**

*The Fall...and the last time we were a family
As your love for life was complete...ours continues
It's Fall again and we live each precious day
Looking up to the sky and stars remembering your life
You left us a blessed legacy of humour, faith and courage.*
